THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

Private J. Ford Fithian sends THE NEWS the following letter under date of Sept. 20 from Camp Lee, Va., where he has been stationed some time:

"Dear NEWS: I know it is a hard thing to get the newspaper mail straightened out, but I have missed several copies of THE NEWS, and have been very greatly disappointed. Please change my address to that given below.

"I read nearly all of the letters from the boys in the service, and always find them very interesting. But I have noticed that there is one thing in particular that they fail to mention—the reception they receive on their arrival in the camps, etc. Believing that it will be of interest to those in future calls, I would like to tell briefly my impressions.

"Upon the arrival of the 'troops,' or I should say, the 'rookies,' they are met by the 'non-coms' who are to drill them, and are then marched to the receiving station, where they are checked in and assigned to a certain company in the Depot Brigade. It used to be that they were in the camp several weeks, and, in some instances, several months, before being mustered in the service. If rejected, it would still be several weeks before they would be sent back home, and three weeks more before receiving their uniforms. But all that has changed in this camp, which I understand is considered by the authorities at Washington to be one of the very best in the whole country. In fact, it has just recently established a record, which I will mention later.

"Most people will probably want to know what is meant and what is done when a man is 'mustered in.' I know you haven't the space for a complete description of the process, but I will say that in the mustering in office there is not only the medical examiners, but the men who take the Bertillon measurements, if I may call it that; fit men for shoes, and provide them with the proper clothing. They then enter another building where they are interrogated on different subjects by several enlisted men. They are then taken into the insurance and allotment room, where each paper or card, (and the rookie may perhaps have a dozen) is corrected by the commissioned officer. The rookie then comes out an American soldier in the first stage. Instead of having to wait for weeks men are mustered in here within less than a week, and the rejected men are sent back to their home towns the day following their examination. They arrive at the mustering office in civilian clothes and the system here is so good that it takes just seventy-seven minutes for a man to go through it all and come out in a uniform. That is the record I just wrote of a little back.

"The new system was not not in use when I was mustered in, but as I have been on special duty for several weeks in the Insurance and Allotment Department, I have been able to give the above information, and

when a 'rookie' comes out of that office the Government knows more about him than he ever knew himself. To have the privilege of working in one of these offices is certainly an education, though it is a stretch of hard work from 7:30 a. m. until 10:00 p. m. We certainly have an opportunity to read human nature, if nothing more.

"Most of us are in the 'Domestic Service,' and it is hard for us to realize that we are just as vital to the Government as the boys in the trenches. Still, that doesn't keep us from wishing that we were 'over there.' Some of us will go over yet, because when we are not in the office we are drilling from 7:30 a. m. until 4:00 p. m. My heart has stood it all, and I have gained twelve pounds, so I have not given up the idea of going to France, and may be there, too, before the spring drive, unless those husky Americans finish the job that we would like to help in.

"Just a few lines about my friend, Bishop Batterton. His death will surely be avenged by some of those Bourbon county boys, and they will do the job in right good fashion, too. And there will be hundreds of others from the good old county who will be glad of a chance to come over and help those boys, too, in the performance of that task. Of course, his death was a sad one, but to our way of thinking out here, it was the greatest honor that could be bestowed upon a true American—death for civilization and for the democracy of the whole world. His grave, however, will have a marker, and the French women have taken a solemn pledge to keep the graves of the United States Marines alive with flowers. To his family I wish to extend my deepest sympathy. I have grown to love the service of my country so much that I would honestly prefer to die in Uncle Sam's uniform than to be back home in civilian clothes.

"Well, the office is about ready to close for the night, so will do likewise. Just a word of advice to those about to don the khaki. Don't fail to take the limit, \$10,000 insurance, and provide means for your loved ones. It is the cheapest and most reliable insurance in the world.

"Very Truly Yours,
"PVT. J. FORD FITHIAN,
"Co. C, First Prov. Gd. and S. D. Bn.,
Camp Lee, Va."

Some time ago THE NEWS published a reference to a letter written from overseas by a nurse, who stated that she was nursing a Paris, Ky., boy. The writer was Miss Martha Darnaby, of Winchester. Miss Louise Bruer, of Paris, furnishes THE NEWS with the following copy of the letter, with the explanation that she was not permitted to give the name of the boy who is in the nurse's care:

"Now, that I have heard from you, Paris doesn't seem so far away and no doubt you will get this letter within three weeks, providing the 'Hun' doesn't sink it in the sea. There are thousands of ways our letters can be lost, so I will try and write short notices often. The interesting things that happen and you want to know, will have to wait, and I'll tell you when I make that visit.

"I know it will make you feel glad when I say I have a nice soldier boy in my ward from Paris, Ky. His name and other things I am not allowed to mention. I also have a boy who is a graduate of Center College, Danville, Ky., and knows so many of my friends. I am always looking for a familiar face, but don't want to see any under these circumstances.

"We are near one of the largest cities in the world, close enough to patronize the city cars, and around the hospital are several regular or converted places to eat. I thought food would be scarce here, but our Uncle Sam is feeding us things that would content anyone during the time of war. You never hear any complaint from anyone. Any little hardship that happens our way, we call that inconvenience, and go along happy.

"Our Unit is scattered all over the country and will remain separated until the hospital is complete where we will be permanently located. I have seen the place, which is several hundred miles from here. The entire Unit was there, resting up after our voyage. We had a delightful time together. I am living in a tent with several of my Kentucky friends, and we are quite comfortable. The American Red Cross are remodeling a large place for our winter quarters. Sometimes we say life would be sad if it wasn't for the Y. M. C.

A. and the Red Cross. They are always doing something for my boys. Yesterday the Red Cross passed oranges and apples through the wards (American fruit) and the nurses were treated to grape fruit, so you see I have lots to be thankful for.

"The weather here is cool and I'm sitting here to-night writing with my heavy winter coat on, also using candle light, and a suit case across my lap for a desk. Try it, it's fine! The daylight-saving device is quite practical here, doesn't get dark until 10:30. Oh, dear, you will see what late hours I'm keeping.

"Did you enjoy the description of the English tea party I gave in my last letter? I have gone to another one since, given by a member of the British Parliament. It's grand to get back into civilization. I am so busy and very hearty and well. I am glad hard work is ahead of me all the time. A solid grind seems necessary. When I am not busy I think of home.

"You may wonder why we are not in France, but some wise person has decided all the hospitals in the future will be located here in England. You would be surprised how soon the wounded can reach here. And now au revoir, but not good bye, until the next letter.

"MISS MARTHA DARNABY."

The following letter was received by Mrs. Thomas Taul, of Paris, from her daughter, Miss Mary K. Stone, one of the nurses now in England with the Barrow Hospital Unit No. 40:

"Liverpool, England, Aug. 26.
"Dear Mother:—To-day is the best day I have spent since I came across, the reason being that I have just received your letters. Of course it was written before I left the U. S. A., but just the same it is news from home, and the first I have received, so I have read it about a dozen times over. Can't write much about myself, other than that I am perfectly safe and well taken care of, so there is nothing to worry about. Tell Mammie Lee this is the greatest life ever. Will tell her all about it when I come home home. Certainly wish she could send me some candy, for that is the one thing that I cannot find that is fit to eat over here. Haven't heard a word as yet from Olive or Doctor. Has he sailed yet? Give my love to all and tell all to write.

"Your Loving Sis,
"MARY K. STONE, A. N. C.,
"U. S. Base Hospital No. 40, American Expeditionary Forces, England."

Under date of September 9, George (Tommy) Frakes, formerly of Paris, writes to his mother, Mrs. Carrie F. Stone, of this city, from Camp Mills, Long Island, N. Y., as follows:

"Dear Mother—Here I am sitting in a tent trying by the light of a candle to write to you. I cannot see very well by this light, so this will have to be a rather short letter. We are twenty miles out on Long Island, near New York, and believe me, that New York is some town. They brought us through there and across the harbor. I think we will go across over there some time soon, for we have been issued our overseas clothing. There is some class to those wrapped leggings and those little monkey-caps like the English soldiers wear. Hope we will leave soon, for I am willing and ready to go. It is going to be rather cold over there this winter, but we hope to make it so hot that even the Huns will notice the change in the climate. I know that I will not be allowed to write all that I wish to, as our mail will be censored hereafter.

"We did certainly have some fine trip here from Ft. Benj. Harrison. We were on the road over fifty hours, coming through Cleveland, O., Buffalo, Rochester, Albany, Erie, Pa., and New York City. At every town along the road we were met by the Red Cross people, who gave us fruits, ice cream, cakes, cigarettes, and many other things. They were awfully kind to us and wished us God-speed and a safe return from over there. I am enclosing you a service pin of the Engineer Corps to which I belong. Don't suppose you can find anything like it in Paris. Well, I guess I will have to close, as the boys are making so much noise in the tent that I can't hear myself think. With love, I remain,
"Your loving son,
"PVT. GEORGE L. FRAKES,
"Co. P, 22d Engineers, Camp Mills,
New York."

SELLS FINE HORSE.

Throught C. F. Nagle, ("Cotty") formerly of Paris, Judge J. B. Browne, of Tallahassee, Florida, Chief Justice of the Supreme Court of that State, purchased last week a fine pedigree saddle horse by Rex Peavine, dam Lady May by Bourbon Prince. The price paid for the animal was not made public.

Justice Browne, who is on his vacation, will spend some time in Kentucky and will visit the stock farms in Central Kentucky before his return. He attended the Lexington races, and paid Paris a visit on his tour. His wife is a Kentucky woman, a grandniece of the late Senator John S. (Cerro Gordo) Williams, of Mt. Sterling. Justice Browne was very enthusiastic over the prospects in Kentucky for a good crop season, and stated that Fayette and Bourbon were two of the finest counties he had been in on his travels.

Germany's Terms

By Count Roon

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Briey and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her Colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.

Greece must be re-established under former King Constantine, with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France, and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

How Are You Going To Answer Germany's Peace Terms?

THE greatest advertisement for the Fourth Liberty Loan of the United States of America has been written by a Prussian.

His name is Count Roon and he wrote it as a member of the Prussian House of Lords. It is printed above. Read it carefully.

Forty-five billion dollars or more indemnity!

This, then, is the price the world must pay for a victorious German peace. This, then, is the footnote to the Kaiser's prayer, expressed in the coldest terms of plainest business.

This is the meaning of war to the Prussian, as he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land to-day so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

These days will tell, for as you place your name upon that subscription blank for Liberty Bonds you state the price your land, your liberty and democracy are worth to you today.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

BOURBON'S QUOTA IN FOURTH LIBERTY LOAN.

Mr. Buckner Woodford, of Paris, Chairman for Bourbon County in the coming drive for the Fourth Liberty Loan, received the following telegram Wednesday from the headquarters of the District, at Cleveland, O.:

"Cleveland, O., Sept. 25. 'Buckner Woodford, Chairman, Paris, Ky.

Bourbon county's quota in the Fourth Liberty Loan drive placed at \$675,400.

"WILLIAMS."

All is in complete readiness in this city for the Fourth Liberty Loan drive, which will start tomorrow, (Saturday), simultaneously in the city and county. Chairman Buckner Woodford and his soliciting committees are ready for the work, which will be prosecuted with a vim that is bound to carry it to a successful conclusion.

It is the aim of the committee to make the drive a one-day affair, and as the quota assigned to this county is not such a large one, there should be no difficulty experienced in raising it. Chairman Woodford asks the people not to wait until they are called on by the solicitors, but to go to their banks, or hunt up the committees in their precincts and hand in their subscriptions or pledges. This will make the success of the one-day drive an assured fact.

Bourbon's record in past campaigns will be a great thing to boost up this campaign, as we would not wish to have it said that the county had "fallen down," after leading so long in the good work that has been going on in this district.

Get busy, and meet the committees more than half-way. As a matter of fact, there will be many whose business will not permit of the time necessary to hunting up the solicitors, but those who can do so, should take note of the request made above by Chairman Woodford, and help the good work by going to the banks or other designated places and lending their money to the Government in return for those Hun-exterminators, Fourth Liberty Bonds.

The work will begin to-morrow, (Saturday) remember. Let's all be prepared and ready to do our share, and do it gladly, willingly and cheerfully, for the benefit of those "over there" whose lives are in deadly peril for our sakes.

The committees have not been announced thus far in advance, but the organization has been made perfect and is composed of men of ability and hustle. Many of them have participated in former drives, and have become known as "never-quiters." All ready for the Fourth Liberty Loan drive!

The Women's Liberty Loan headquarters have been opened up in the corner room of the Bourbon-Agricultural Bank building, at Main and Broadway, with Miss Kate Alexander chairman. The drive begins to-morrow, Saturday, Sept. 28, and it is hoped to reach Bourbon county's quota in one day.

The room will be open all day and someone will be there at all times to take your money to lend to Uncle Sam in the form of Liberty Bonds to help our boys at the front. It is hoped that every loyal American, man, woman and child will do his or her part in the drive. Come, lend

your money and don't wait to be solicited.

The following is a list of the precinct chairmen who will assist Miss Alexander in the campaign:
Centerville—Mrs. T. H. Tarr.
Ruddles Mills—Mrs. Current, Mrs. Endicott.
Millersburg—Mrs. Sanford Allen.
Little Rock—Mrs. Sam Clay.
North Middletown—Mrs. John Collins.
Clintonville—Mrs. Luther Rice.
Miss Catherine Weathers.
Hutchinson—Mrs. Jas. Thompson.

Paris No. 3—D. C. Parrish.
Paris No. 4—Geo. Wilder.
Paris No. 5—M. J. Lavin.
Paris No. 6—Dr. Ussery.

Three hours after the announcement by Washington of the quota of \$600,000,000 for the Fourth Liberty Loan, F. R. Wyskoff, corresponding secretary of the Fourth Federal Reserve District, announced the following quotas: Lexington, Ky., \$2,613,250; Cleveland, \$112,100,950; Cincinnati, \$38,372,750; Pittsburg, \$144,988,800; Covington, Ky., \$1,945,400; Newport, Ky., \$688,900.

Following are the district State quotas: Ohio, \$327,407,750; Pennsylvania, \$241,464,000; Kentucky, \$19,260,050; West Virginia, \$11,668,000.

Area quotas announced are: Pittsburg, \$253,332,200; Cleveland, \$187,039,900; Toledo, \$41,499,400; Lexington, \$19,260,050; Cincinnati, \$73,265,900; Columbus, \$25,602,550.

The quota decimal for the district is .214817002. Banks in the district can ascertain their quota by multiplying their total deposits June 29 last by this decimal.

NINE COLORED SELECTS LEAVE FOR CAMP TAYLOR.

Nine colored draftees, accompanied by two volunteers, left Paris, Wednesday morning for Camp Zachary Taylor, where they will be inducted into the service of the United States in the army. The men reported to the Draft Board at the court house Tuesday evening, and received their final instructions. Wednesday morning they were escorted to the L. & N. passenger station by the members of the Draft Board, the Liberty Drum Corps and a large number of their friends, and entrained for Camp Taylor. The men who left on the trip were: Wesley Thomas, Strawberry West, Harry Brown, Taylor Smith, William Hawkins, Frank Johnson, Albert Gaines, Oliver P. Morton, James H. Morton, and two volunteers, Lafayette Fauntleroy and Artemus M. Carter. The latter was made Captain and placed in charge of the men. Fauntleroy and Carter asked the Board to let them accompany the selects on the trip to the camp Wednesday, and their request was accordingly granted. Eight of the men were given the usual supply of tobacco and cigarettes. The other three not using tobacco in any form were presented with sweaters.

"SOLDIERS' DAY" AT THE NORTH MIDDLETOWN CHURCH

Next Sunday, Sept. 29, will be made a memorable day in the history of the North Middletown Christian church. It will be "Soldiers' Day," when, from ten o'clock a. m. to twelve noon, services will be held in memory of "the boys who have gone overseas and others who are in the service in the army cantonments in this country."

The first part of the program will be featured by the Superintendent, Mr. John W. Jones. The roll call of the North Middletown boys, sixty-five in all, represented by the stars on the service flag, will be met with a response for each one by some relative or close personal friend. A short address will be delivered by Rev. Frank M. Tindler, pastor of the church, by relatives and friends of the soldier and sailor boys and by a number of invited speakers. An appropriate musical program will be rendered.

The services will begin promptly at ten o'clock Sunday morning. Everybody is cordially invited to attend this service, and the presence of relatives and friends of the soldiers is especially urged.

HAVE NARROW ESCAPE IN AUTOMOBILE ACCIDENT.

Mr. and Mrs. George Levi, of near Cynthiana, had a narrow escape Wednesday afternoon, while en route to Paris, when the Ford Sedan car in which they were riding, struck a telephone pole on the Paris and Cynthiana pike, near the residence of Mr. J. Miller Ward. The machine turned turtle and landed in the ditch at the side of the road.

The occupants fortunately escaped serious injuries, though Mrs. Levi was seriously bruised and shaken up. They were accompanied by Miss Carrie Cook, who was slightly injured. The party was on their way to Winchester to visit Mr. and Mrs. Levi's son, Mr. Gordon Levi, who is enlisted in the Students' Army Training Corps at the Kentucky Wesleyan College. Mr. Miller Ward, who was in the vicinity at the time the accident occurred, heard the crash of the machine against the pole, and the screams of the women in the party, and immediately went to their aid. They were sent to Cynthiana, after first aid had been administered to them by Paris physicians, and there damaged car taken to a garage.

On examination of the car at the garage it was found that a long piece of wire, such as is used in baling hay had been picked up by the machine, and had become entangled around the steering gear in such a manner as to make it impossible to respond. The machine was considerably damaged in the impact against the pole.

SHORTHORNS BRING GOOD PRICES AT PUBLIC SALE

There was a large crowd in attendance at the public sale of registered Shorthorns and Scotch cattle held yesterday afternoon, by Goff & Rice, on the farm of Mr. Luther Rice, near Paris. The sale was conducted by Auctioneer George D. Speakes, of Paris.

Thirty head of cattle brought an average of \$217 a head, close to a total of \$6,000, under brisk bidding. The highest price of the sale was \$480, which was paid by Mr. J. B. Hill, of Mt. Sterling, for a seven-year-old Orange Blossom cow. The registered cow and calf donated by Messrs. Goff & Rice for the benefit of the Red Cross were sold to Mr. Charles N. Walls, for \$550, as final purchaser.

NOTICE TO THE PUBLIC

The impression has gotten out through the publication of an advertisement by the Paris Real Estate Co., that I intend retiring from business. This is misleading, as it was not my business referred to. I was not my transfer business. All remain in grown to such proportions that it keeps me busy day and night. I wish impression that I was going out of business.

RECORD PRICE FOR HOG

What is said to be a record price for a butcher hog in this vicinity was realized this week when Hense Margolen purchased for the Margolen Sanitary Meat Market, of Mr. I. C. Haley, of near Paris, a 600-pound hog, for which he paid \$100.

RED CROSS TEA ROOM.

The Red Cross Tea Room, in the Wilson building, corner of Main and Third streets, will be in charge of Mrs. James Thompson, Jr., for the rest of this week. Mrs. Thompson will have the following assistants on her staff: Mrs. John Yerkes, Mrs. Robt. Ferguson, Mrs. John J. Rice, Misses Elizabeth Steele and Rachel Wiggins.

The ladies who have charge of the Tea Rooms have decided to discontinue personal solicitation at homes of articles needed. They ask the people of Paris and the county to send to the rooms next week contributions of ham, chickens, (frying and hens), eggs, butter, milk, cream, beaten biscuit, pies, cakes, curd, tomatoes, cucumbers or any kind of vegetables. In fact, anything in the line of edibles will be acceptable.

The menu for to-day (Friday) at the Tea Room, is as follows:

Chicken soup; stuffed peppers; baked chicken, with rice; sweet potatoes; corn; Waldorf salad; ice cream and cake; coffee; tea; milk. A special supper will be served Sunday night—a six o'clock dinner. "Hitch Old Dobbin to the one-horse shay" and come to the Red Cross Tea Room Sunday night where the following menu will be served: Meat en Surprise on toast; peas; apple sauce; candied sweet potatoes; messerole pudding; water lily salad; coffee; tea; milk.

DRAFT BOARD FINISHES MAILING QUESTIONNAIRES.

The work of making out the questionnaires for all the Bourbon County drafted men included in the 18 to 45 age provisions of the call of Sept. 12, has been finished by the local Draft Board. The documents have been mailed from the office of County Clerk Pearce Paton to the registrars, who will now await the hour when they will be either called into the service or assigned to the different classes. The work was an exhaustive one, requiring a vast amount of clerical work, but the Bourbon County Board did it, and did it well.

publish a complete list of the regis-

stalled a new fire-fighting auto truck
of an improved type. The machine
was given a thorough testing on its
initial run by State Fire Marshal Ed-

Maysville, and gave satisfactory re-
sults.

The test was witnessed by Mayor
E. B. January, Councilmen Kiser and
Christman, and Fire Chief Ullman
Lancaster, all of Paris, who had been
invited by the Cynthiana authorities
to be present. They were well pel-
axed with the new machine, which
they say will be a valuable addition
to Cynthiana's fire-fighting equip-
ment.

BOURBON OIL & DEVELOPMENT
CO. TAKES FORWARD STEP

The Bourbon Oil & Development
Company, of Paris, has notified its
500 stockholders that it will begin
paying dividends on October 10. The
first dividend will be for two per
cent. The management not only plans
to pay two per cent. dividends month-
ly, but expects to pay a number of
extra dividends during the coming
year.

The high character of leases held
by the Bourbon, and the continued
progress of its drilling operations, in-
dicate that it will be one of the best
dividend-paying companies in Ken-
tucky. The seven completed wells
belonging to this company, when all
placed under pump, can be safely er-
lied upon for a settled production of
300 barrels daily. The work of con-
necting these wells up for pumping
is being done as fast as materials can
be secured, and several tanks of oil
have already been run. The new
wells now drilling and contracted
for are expected to furnish a rapid
increase of the company's produc-
tion. (27-1t)

FAMOUS COOK DEAD AS RESULT
OF ACCIDENT.

Mrs. Caroline Hayes, aged sixty,
a highly-respected colored woman of
Paris, who had become more than
locally famous as a cook of unusual
excellence, died at her home in Paris
yesterday morning, from injuries
sustained in a fall. She had been in
Ohio for several weeks visiting rela-
tives, and was taken ill, for some
time being in an Ohio hospital. Her
husband was summoned by telegraph
and brought her home.

Yesterday morning Mrs. Hayes
arose and in making her way down
the steps, fell to the bottom. Her
neck was broken, death resulting in-
stantly. Coroner Rudolph Davis was
summoned and conducted an investi-
gation, finding the facts to be as
stated.

Mrs. Hayes was an accomplished
cook, and had been at various times
employed in the homes of wealthy
citizens in Eastern cities, and lately
in Lexington and Paris. She was for
some time in charge of the kitchen
at the Elmendorf Farm of J. B.
Haggis, and more lately in the homes
of prominent Paris families.

KENTUCKY UNIVERSITY MAY KEEP INSTRUCTORS.

The University of Kentucky announced that President McVey has received a ruling from Provost Marshal General Crowder that he may ask deferred classification under the 18-45 selective service registration for an instructor who, in the University's judgment, is essential to the work of the institution in carrying out the Government's win-the-war policy.

The entire University virtually has been given over to war work, and the 1,300 students are being enrolled in army, navy and vocational units.

DON'T DELAY

Some Paris People Have Learned
That Neglect Is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Paris testimony.

Mrs. J. W. Markland, 326 Eighth street, says: "Some few years ago I suffered severely with kidney complaint and sometimes was in a serious condition. I had a constant, dull ache across the small of my back and I was terribly dizzy at times. I have used Doan's Kidney Pills for this trouble and they have helped me more than anything else, always relieving me of the complaint."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Markland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

GETTING READY FOR CHURCHILL DOWN RACES.

Beautiful Churchill Downs, resplendent in its autumnal garb, is ready for the forty-fourth annual season of fall racing, which will open Monday, September 30, and continue for a period of six days, closing Saturday, October 5. The meeting will follow closely the one at Douglas Park, and will practically be a continuation of that meeting, which closes Saturday, September 28.

The same high-class horses seen in action at Douglas Park will be transferred to Churchill Downs, while the same riders will be seen in the saddle. The list of officials will be identical, with the exception that Charles F. Grainger will be in the judge's stand at the Downs meeting instead of Judge T. J. Clay.

Four important stakes are to be decided during the season, the chief fixture being the St. Leger Stakes, which will have its twenty-fourth running when it is decided the closing day of the meeting. Long distance races have always been popular with Kentucky racegoers, and it is not surprising that the St. Leger is easily the biggest drawing card of the meeting. The club adds \$2,000 to the stakes, the race being for three-year-olds and upward, and the distance of two miles and a quarter. Among former winners of the stake are numbered many sterling performers, who have added luster to their names by further victories on the turf, and success in the stud. Last year's renewal was won by A. B. Hancock's great race mare Embroidery, which raced two miles and a quarter over a slow track in 4:01 1-5. The noted mare is now a matron at Mr. Hancock's breeding farm near Paris.

A BRILLIANT REMARK

"We are going to take Augustus Owsley Stanley's hide and hang it on a pole." This ornate sentence is from that favorite of the Republican party, Hon. Edwin P. Morrow, and when it was delivered to a Louisville audience, we are told that the applause that greeted it lasted fully three minutes, thereby indicating the character of the crowd that could so fully appreciate such brilliant and very coarse oratory. Mr. Morrow does not seem to learn by experience. He tried to hang that hide himself once and ingloriously failed, though he had a better showing than Bruner or any other Republican will ever have again. Such a speech is not calculated to raise Mr. Morrow in the estimation of genteel people if it does create a furore with acertain class of Republicans.

CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

TATTERSALL'S SEPT. HORSE SALE AT LEXINGTON.

The Kentucky Sale Company's annual September auction of thoroughbred horses was conducted at Lexington, when 91 head passed under Auctioneer George A. Bain's hammer for an aggregate of \$11,335, an average of \$124.50. The top price was \$1,600, twice paid, first for Evenbreak, a daughter of Hamburg, consigned by Williams & Radford, which went to Carr & Platt, and next for the two-year-old Belsolar, which O. B. McMeekin bought from the W. F. Schultz estate. There were no particular desirable yearlings offered and the market for weanlings and broodmares was not strong. James P. Ross bought the stallion Waterbass for \$150 and wired F. Ambrose Clarke that if the Government desires him at that price it may have him. Waterbass is the type stallion the Government wants for remount breeding.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. IN MISERY FOR YEARS

Mrs. Courtney Tells How She
Was Cured by Lydia E.
Pinkham's Vegetable
Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."
—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

PRESIDENT GETS JAMES' CHAIR

A Washington dispatch says: "A chair was delivered to President Wilson at the White House and presented to him as a gift from the estate of the late Senator Ollie M. James. It is the chair used by Senator James when he presided over the St. Louis convention in 1916 which nominated President Wilson for a second term. A silver plate on the chair states its history. The presentation was made by W. Vernon Richardson, who was secretary to the late Senator James."

DIARRHOEA IN CHILDREN.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.

The average man is sure he'd have made a great military genius if his mother hadn't insisted upon him studying bookkeeping.

Do You Need Glasses?

Let us make a thorough, scientific examination of your eyes, based on ethical grounds, not to recommend glasses unless you need them. Ask yourself these questions: "Do I have headaches, nervous spells, drawn tired eyes? Does my type sometimes blur? Do I see spots before my eyes?" Answer fairly and squarely, for your own good, for over-strain repeatedly day by day will break down the delicate nerves and muscles of the eyes and irreparable injury may result. Our years of experience insure accurate results.

YOU CANNOT BUY TWO DOLLARS FOR ONE

Nobody is coming around offering to sell Two Dollars in real money for One Dollar. To be sure, there are many good investment opportunities where One Dollar will buy a chance to make Two, Three, even Ten. But after the other fellow has taken the risk and reaped the harvest he is not going to sell it to you at first cost.

Of course, it is not wise to jump at every proposition that comes along. Before investing your money you should make a thorough investigation and not place your earnings in a doubtful undertaking. There are too many good roads to fortune to take bad ones.

The Bourbon Oil and Development Company is a Paris institution, which invites the closest investigation. It has passed the doubtful stage. It has found the road to success. Those who go along with it are marching to certain fortune.

You can no longer buy Two Dollars for One in Bourbon stock. The figures are reversed. A Dollar-Share of Bourbon is now worth Two Dollars. It soon will be worth Three, Four, Five, Ten or Twenty. Many oil stocks have doubled ten times over with less valuable properties to back them up than the Bourbon has. Bourbon stock is a better bargain now at \$2 than it was once at 50 cents.

Only a small amount of Bourbon stock remains to be sold. Send in your order before October 1, and participate in the first monthly dividend, which is to be paid October 10

SEILER.
—Mr. George Seiler, aged sixty, died at his home in Elizabeth, New Jersey, recently. Mr. Seiler was at one time a resident of Paris, and built the first ice manufacturing plant ever operated here. The plant was located on the lot opposite the present passenger station of the Louisville & Nashville.

Mr. Seiler came to Paris from Covington, and built the plant at a cost of \$48,000. Business reverses overtook him before the manufacture of ice was commenced. He was forced to make an assignment for the benefit of his creditors. In the settlement of his affairs the ice plant was sold for \$10,000, and formed the nucleus of what is now the Paris Ice Co.

Funeral services were held at the family residence yesterday morning at ten o'clock, conducted by the Rev. John J. Dickey, of the Methodist church, formerly pastor of the Hutchison Chapel.
